Shop Local for the new year

Happy New Year and Best Wishes for a most Profitable and Busy Year for All. Time to set your goals for 2020 and let's begin with one of the most important goals for the year. Keeping small businesses and shopping local. Just to motivate you all to give up big box store purchases and the greedy money monster otherwise known as Amazon.

Here are the top reasons to Buy, Go and Eat Local. Not only do we all enjoy a more personal experience you help:

- **Build Community** – The casual encounters you enjoy at neighborhood businesses and public spaces build relationships and community cohesiveness. Local stops are the ultimate in social networking.

- **Strengthen Your Local Community** – Each dollar you spend at an independent business returns three times to your local community than one dollar spent at a chain store. Almost 50 times more than buying from an on-line mega retailer!!

- **You Can Buy with a Try** – local stores enable you to taste a sample, use a sample, try on the clothing. Save your time and money by experiencing right at the location.

- **Create a Healthier Environment** – independent business uses less land, carry local products, are located closer to neighborhoods where residents create less traffic and air pollution.

- **Lower Taxes!!** - More efficient land use and more central locations mean less demand on our roads, sewers and safety services. Bottom line, a greater percentage of local independent businesses keeps your taxes lower.

- **Great Value** – Reader Surveys by Consumer Union repeatedly show independent businesses besting their chain competitors in overall customer satisfaction and often save you money.

- **Increase Wealth of Residents** – The multiplier effect created by spending locally generates lasting impact on the prosperity of local organizations and residents.

- **Create Jobs and Opportunities** – Not only do independent business employ more people directly per dollar per revenue, they also are the customers of other local businesses.

- **Give Back to the Community** – Small businesses donate more than twice as much per sales dollars to local nonprofits, events and teams compared to big box stores.
