MARCO OFFICE SUPPLY, FURNITURE & PRINTING, INC.

The Hive: Not Just Another Print Shop

You've probably noticed some buzz around our recently re-branded Print Department, The Hive, located in our Marco Island retail location. Well, throughout this past year, our creative team has made some new and exciting changes to the former print space that has occupied the location since the 80's! Aside from the modern renovations and bright pops of yellow decor, our team is comprised of a Web Developer, a Graphic Designer with some serious illustration skills and a Project Manager who specializes in creative branding... but not to worry, we're still here for all of your printing needs!

What Can The Hive Do for My Business?

We're glad you asked!

How many ads do you have to post and how many interviews do you have to conduct to find that most of the candidates for graphic design or creative directors you meet with are either under-qualified or just not what you're looking for? How much is it costing you to actually acquire a Full/Part time employee when all is said and done? (Payroll, Benefits, Vacation, 401K etc) Think of us as your outside creative team, able to manage all creative aspects of your business. From graphic design and marketing collateral to website design and management, let our team brainstorm, design and produce the quality material your company deserves.

What if I Already Have a Designer On Staff?

That's great! Keep them and treat them well! But we'll gladly work with them on the back end of projects and make recommendations to ensure the final marketing collateral you want produced is the highest quality print product out there!

Does The Hive Offer Any Other Services?

Did we mention we L.O.V.E art? While the majority of our clients defer to us for creativity within their business, we've also been hired and commissioned for personal art projects as well - Private Commercial Architectural Resurfacing, Personal Art Collections, Children's book Illustrations, Hand Lettering, Wedding Invitation Kits and so much more. Call us today to schedule an appointment!

Here's a Look at Some of our Most Recent Projects and Make Sure to Follow Along on Social Media!
