MARCO OFFICE SUPPLY, FURNITURE & PRINTING, INC.

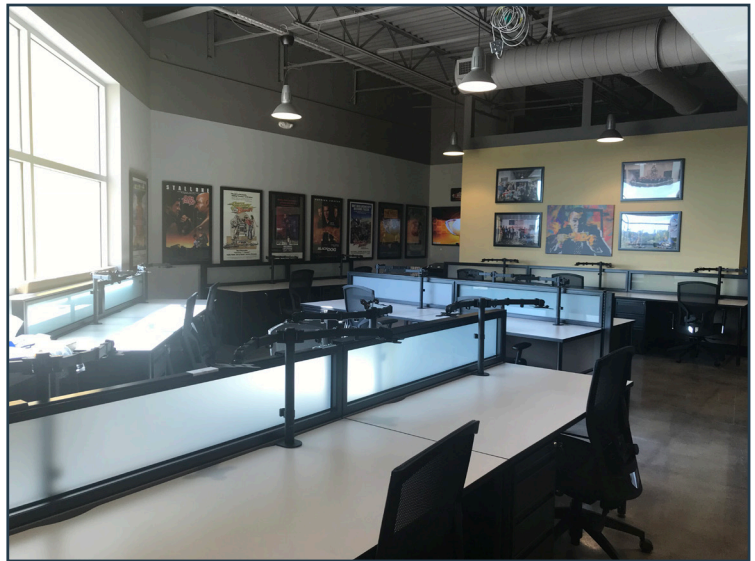

It is time to think about switching to generic cartridges!!

As you may have discovered, printer cartridges are in high demand and short on supply; especially your HP cartridges. Why you ask? Many businesses are choosing not to reopen their doors and employees are currently working remotely from their home offices. Office copiers and printers are not running like they used to and smaller desktops in the homes are running overtime. Our solution? TRY our generic cartridges which are in-stock and not currently back ordered. Not to mention, they are 1/2 the price you are paying for your name brand ones - You might even find you like them better!! Call our office or give your sales representatives a call and let us switch you out temporarily or permanently.

THANKSGIVING HOURS
